

# Custom Manhole Covers

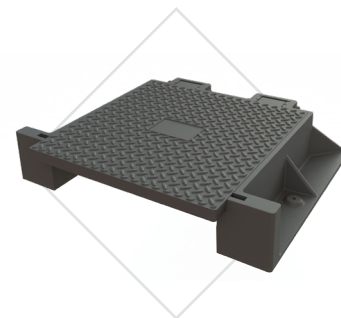

VPC offers a wide variety of manhole, vault, basin, and wet well covers custom - made to meet the specifications for your application. These covers are lightweight when compared to a cast iron cover, greatly reducing the chance of injury when handling the cover.

**Manhole Riser**

**Custom Cover**

**Storm Drain Cover**

Our custom covers are rated for pedestrian traffic and durable enough to withstand even the most corrosive environments. Options such as slip-resistant, non-skid surface, safety colors, recessed handles or finger pulls and locks are available. With numerous application processes, VPC has provided custom covers for all industries including retail, educational institutions, municipalities and more.

Additionally, manhole risers can be customized for changes to grade or snowy conditions, which makes manholes difficult to locate. These risers are shipped complete with locking covers.

## FEATURES:

- Lightweight & Easy to Install
- Non-Conductive
- Non-Corrosive
- Lockable

- No scrap value or theft issues, unlike cast iron
- Non-Skid Surface
- Hinged Design
- Water Tight
- Customizable with Logo
